Subject: clarification

Louie my apologies, Ranjit is the lead for Prairie Creek. We are still fighting over the lead for the Paramount projects as this is SUCH an exciting prospect once more to be thrown into the fray of issues in the Ft.Liard / Nahanni Park region. So, I know I am late with the reply requested today on whether or not we are advisors etc. You will get it for sure tomorrow and it will be exactly the same as the others - reference Prairie Creek. ie intervener, expert advice, responsible minister.

I shall let you know tomorrow and will look forward to your fax on the reasons for decisions on the Paramount development from the MVLWB.

Also, are we still meeting for coffee sometime to generally discuss these projects?? I would like to bring Mary
