**Subject:** Canadian Zinc Corporation.(Canzinco)

Canadian Zinc Corporation has requested the Mineral Development Division here at DIAND to convene a MDAG meeting for November 21, 2000.

Peter Campbell, Vice President of Project Affairs for Canzinco is prepared to give a history of the operations of Prairie Creek Mine as well as introduce the company's management team and review the plans for the property.

What the company hopes to gain from the meeting is a firm understanding of what regulatory authorities, permits and licences they would require to restart the Prairie Creek Mine.

Please confirm your attendance by replying to this email.

Time and location will be announced before the end of the week.

Thanks,

Gary Potts  
Mineral Development Advisor
