TO DISTRIBUTION LIST

1. Environmental Assessment Report Mineral Exploration Drilling Program - Prairie Creek Mine (Land Use Application MV 2000C0030; MVEIRB File EA00-002a) and
2. Environmental Assessment Report Cat Camp Fuel Cache Recovery Program - Prairie Creek Mine (Land Use Application MV 2000C0030; MVEIRB File EA00-002)

The Mackenzie Valley Environmental Impact Review Board (Review Board) received the Canadian Zinc Corporation (CZN) Environmental Assessment Reports (EAR) for the Tote Road/Fuel Clean-up and the Exploration Drill Program on January 26, 2001. The Review Board is distributing the two EA Reports to government experts and the public for conformity and technical review. Attached is guide on the use of Information Requests (IRs) and a copy of the Review Board's Terms of Reference for the respective environmental assessments for your use.

Please keep in mind that the Review Board requires the use of Information Requests. All Information Requests are directed through the Review Board. That is, you send your Information Request to the Review Board, who then considers the IR, and if appropriate, provides it to the appropriate party. All IRs are placed on the Public Registry. If you or your experts have any questions please call Louie Azzolini at 867-873-9789 or Joe Acorn at 867-873-9193. Our respective e-mail addresses are eao1@mveirb.nt.ca and eao2@mveirb.nt.ca.
