**Subject:** timelines for Cdn Zinc EAS

Louie: The expert advisors from DIAND have finally had an opportunity to meet and discuss the requirements for the Review of the EA documents on the Cdn Zinc projects. As mentioned in the letter sent by David Livingstone to Vern, we have concerns with our ability to meet the deadlines for the EA review as currently suggested. This stems from the fact that many of our expert advisors and reviewers have been and are out in the field, as well as the difficulties in opening (unzipping) documents.

We will be able to provide you with a complete listing of our IRs by July 20th. We will be meeting next week with the other RMs for these EAs and will collectively discuss the requirements we have for timelines for the rest of the review.

regards,

Mary Tapsell
