Dear Mr. Azzolini:

Thank you, for your letter of October 15, 2001. We would like to be recognized as a directly affected party in the environmental assessment of the DeBeers project proposal located on Snap Lake.

We have to be afforded the capacity to fully understand and participate in all aspects of the assessment. There is a need to be aware of not only the environmental impact of this project but also the socio-economic effects.

We have already been recognized by your office as a First Nation and would like your continuing support.

Sincerely,

Clem Paul
President
