Jennifer, it would be great to have people from Wekweti attend the meeting. It might lend an air of reality for the bureaucrats in the room! I have not had a response from other communities so far except for Lutsel K'e. I hope you attend also as it would give you the legal tools to ask the questions your community wanted answered. Hope my response answers your question Jennifer.

Cheers,
LA

Subject: DeBeers Environmental Assissment

Louie

In regards to the upcoming meeting on the Rules of Procedure for the De Beers Environmental Assessment in Yellowknife Feb 25, 2002, I was considering sending a representative from our community. Are any other communities sending representatives? Members of our communtiy are very concerned about the effect of the diamond mines on the environment, particularly the caribo, land and water which is why I am considering sending someone. Do you think it would be a good opportunity for our community to voice some of their concerns. Let me know your thoughts.

Sincerely,

Jennifer Keith
