Subject: Conformity Decision on the Environmental Assessment Report (EAR) for the De Beers Snap Lake Diamond Project

Members of the Review Board convened on April 15, 2002, to consider the question of conformity of the De Beers EAR with its Terms of Reference (ToR). The Review Board concluded that there were several non-conforming items, and therefore, the conformity phase will remain open until they are satisfied that conformity has been met. This determination, however, does not preclude work with respect to the technical analysis. The attached pdf file is provided for your convenience. If you are unable to open the file please respond to this email and I will provide you a full email text file version of the letter.

Sincerely,
Luciano Azzolini
