**Cc:** Joe Acorn; Roland Semjanovs; Alan Ehrlich; Executive Director  
**Subject:** De Beers Commitments Table

Robin, a heads up that its standard practice to have the following IR submitted. The one below was sent to Parmanout. They provided what all regulators and communities thought was a very good response.

**To:** Paramount Resources Ltd.  
**Date:** October 11, 2001  
**From:** Joe Acorn, Environmental Assessment Officer  
**Phone:** 867-873-9193  
**Fax:** 867-920-4761  
**e-mail:** eao2@mveirb.nt.ca  
**Subject:** Commitments Table  
**Objective:** To have a comprehensive list of all of Paramount's commitments to implement mitigative measures.  
**Time Limit:** Provide response after all other IRs have been answered. If Paramount makes any new commitments after this table has been submitted, an updated table must be submitted.  
**Reference:** No reference.  
**Preamble:** Numerous documents and IR responses have been submitted for this EA and commitments by Paramount appear in many places. It would be preferable for the Review Board to have a comprehensive list of all of these commitments.  
**Request:** Provide a comprehensive list of all of Paramount's commitments. The list should be presented in the form of a table with sections that separate the commitments according to the items in the scope of the assessment (i.e. water quality and quantity, wildlife and wildlife habitat, etc.).

For each commitment, Paramount should explain:

- The impact that the commitment was meant to mitigate;
- Describe the commitment; and
- Reference where in the numerous documents the commitment was made by Paramount.

The table should be accompanied by a statement that Paramount will adhere to all of the commitments in the table and should also be accompanied by the signature of an individual within the company with the authority to make this commitment on behalf of the company.
