200 Scotia Centre, (5102-50th Ave.)
Yellowknife, NT X1A 2N7
HAND DELIVERED

Dear Mr. Azzolini,

RE: De Beers Snap Lake Diamond Project Environmental Assessment

There have been a number of recent submissions to the MVEIRB in support of the Snap Lake Diamond Project Environmental Assessment. In some cases, it was noted that other attachments would be submitted to the Board to be part of the public record. To ensure that omissions do not inadvertently occur, De Beers hereby attaches the following for the public record:

1. One printed copy of Snap Lake Diamond Project Surface Engineering Optimization Study Geotechnical Factual Report (as per IR 1.12)
2. 15 CD-ROMs of EA Report Appendices III.2 A-R & IX.1 A-N
3. One CD copy of Attachment 1 of Appendix A of Appendix IX.3 of the EA (hydrogeology borehole data as per IR 2.6.3 and 2.6.4)
4. One printed copy of Snap Lake Diamond Project Surface Engineering Optimization Study North Pile Management (as per IR 2.6.10)
5. One 3-CD set of the Air Quality CALPUFF model input and output data (as per IR 2.3.6). This has also been sent directly to Environment Canada.
6. 15 CD-ROMs of De Beers' Responses to Information Requests Round One (Second IR Round), 12 July 2002 Version.

Regards,

A handwritten signature in black ink, appearing to read "Robin Johnstone".

Robin Johnstone Ph.D.
