De Beers
Distribution List add.

Mardy Semmler of the Mackenzie Valley Land and Water Board kindly compiled a mailing distribution list for the De Beers Snap Lake development. I am taking the liberty of using it and distributing it. Thanks Mardy!! If there are others that should be on that mailing list, please let Mardy and I know as soon as possible.

Subject: Re: De Beers EA Mail Distribution List

Louie: Thanks for the list - I have a few comments (Note I do not have all the addresses and emails handy). I am calling on the Diavik & BHP experiences as to which groups were actively involved or expressed an interest to be involved. I'm not too sure what the purpose of this list is - are you planning to distribute all materials related to the EA to this list? If yes you may want to contact each of the organizations and make sure that you have the correct contact name and that they are prepared for and wish to review all information. Some may just prefer to visit your web site - so I would check first.

You might also want to check (if you haven't already) with some of the folks listed here to find out if they are equipped to handle electronic submissions or if they require hard/faxed copies. I know that some communities/organizations sometimes experience difficulties with servers and downloading large files (especially if they have older computers they are working off of).

Here are some additions for your consideration:

DIAND - Contact Tamara Hamilton, Environmental Scientist: Pls remove Sarah Kalff. The lead for DIAND participation is in the region and we will contact our Ottawa office as required.

NWT Status of Women Council
Ecology North
CPAWS, Greg Yeoman
Ft. Resolution Metis Council (North Douglas)
Yellowknife Metis Local 66 - Bill Enge
NWT Chamber of Mines
NWT Chamber of Commerce
BHP Independent Environmental Monitoring Agency
Diavik Environmental Monitoring Board

I do not see any Inuit organizations listed here - you may wish to consider including Inuit organizations if there is the potential of any transboundary effects - For the Diavik & BHP reviews KIA was our major contact point.

If I think of anyone else I will let you know. regards, maryt
