I appreciate De Beers' effort to reduce paper but this approach does not facilitate a timely review of their IR responses. It would have been far more helpful to consolidate all of the IR responses into one document rather than a piecemeal approach. CARC would still like two hard copies of De Beers' response whenever it is available.

Kevin, this was De Beers' response to a similar request from INAC.

At this stage, De Beers will not provide hardcopies of Responses to Information Requests Round 1 (Second Round). A final version will be forthcoming (Week of July 22 or early in the week of July 29) with responses to the 20 or so outstanding questions from that round. Providing hard copies now would mean re-printing all of them upon release of the final version. De Beers has a strong desire to reduce the amount of paper usage

in this EA process wherever possible and think that this is one opportunity to do so. We would prefer to rely on the distribution of electronic copies and are happy to provide further CD-ROMs for file or distribution purposes. However, if there are particular graphics that are desirable in hard copy to facilitate the review of information then we would be happy to provide hard copies of selected graphics upon request.

Please advise how many CD copies you require. Note that the same file can be downloaded from the MVEIRB website.

Thanks,

Robin

I do have paper copies available that I made here in the office. Drop by :) say hello

Louie

Thank you for supplying a CD-ROM version of De Beers responses to the IRs. You may recall that CARC requested to printed copies of the original EA Report. Would it be possible to get two printed copies of De Beers' response as well? Thanks.

The following link [DeBeers_Response_toIRs1.pdf](#) will connect you to De Beers' Information Request responses **to Information Request Round 1 (Second IR Round)** filed on the DeBeers Canada Mining Corp.'s Environmental Assessment of the Snap Lake Project (July 11, 2002). CD-ROM copies are being mailed and hand delivered to interveners and directly affected parties on July 18, 2002.

Of the 166 IRs issued to De Beers, 20 responses remain outstanding. De Beers has indicated it will submit them to the Review Board the week of July 22 or earlier. They will be posted and distributed by the Review Board. (July 17, 2002)
