Subject: Operational Matters -- De Beers EA

Hi Louie:

We will require 3 hard copies of the more substantive documents such as the draft EIS etc.. Please include two digital copies (CD-ROM) as well. Our preferred digital format is WordPerfect.

This material can be sent to me. Note: even though I will be working at another location (i.e. 130 Bentley Ave. for the next 2-3 months (our offices at 580 Booth are being renovated), please continue to send packages etc. to my 580 Booth address.....a shuttle is supposed to deliver such packages to the Bentley address.

As for addressing issues as they arise, simply forward your request to me, and I will ensure that the appropriate party receives that request. Unless otherwise advised, I will provide you with NRCAN's response.

Regards,

John

*I sent this message to Robyn P De Beers. He
said to moved and join the documents ASAP
