Dear Mr. Blondin: *Ted*

RE: INFORMATION REQUEST TO DOGRIB TREATY 11 COUNCIL

The Mackenzie Valley Environmental Impact Review Board (Review Board) is providing the attached Information Request (IR) to the *Dogrib Treaty 11 Council*. The objective of the IR is to clarify and inform fiduciary, environmental management and monitoring questions during the technical analysis phase of the DeBeers Snap Lake Diamond Project environmental assessment.

Through the use of IRs, the Review Board can provide all interested parties, and those of Directly Affected or intervener standing, the opportunity to review, consider and comment on the information obtained. The Review Board requests that the *Dogrib Treaty 11 Council* provide an answer to the IR on or before June 3, 2002, as this date coincides with a similar IR provided to the federal and territorial governments.

If you have any questions with regards to this information request please call the undersigned at (867) 766- 7053.

Sincerely,

A handwritten signature in black ink, appearing to read 'L. Azzolini'.

To: All Directly Affected Parties (non-government)

Reference: Provided to Directly Affected Parties (non-government), as such the IR is not for the specific purpose of evaluating the EAR.

ToR Line: 573-574

Preamble: After the BHPB and DDMI environmental impact assessment and regulatory approvals processes were completed; the Minister of DIAND required the negotiation of environmental agreements, which provided for the establishment of a monitoring framework addressing both regional cumulative effects and project effects. These monitoring frameworks are now overseen by the IEMA and EMAB respectively. The Review Board wishes to secure the views of the participants in these other project specific monitoring processes on the need (if any) and appropriate form for the post approvals monitoring framework for the De Beers development.

Request: Following information regarding Post Approvals Monitoring

- (1) Please provide your First Nation, agency or organization's comments on the effectiveness and contribution made by the post-approvals monitoring systems set up by the BHPB and Diavik Environmental Agreements to the mitigation of the development's impacts on the environment, including both project specific impacts and regional cumulative impacts.
- (2) Please indicate whether your First Nation, agency or organization foresees the need for a similar arrangement, including specifically the need for an environmental agreement to contribute to the
