Dear Mr. Christensen and Mr. McConnell,

The Lutsel K'e Dene First Nation's Wildlife, Lands and Environment Committee met recently to discuss the DeBeers Technical Sessions held in Yellowknife in November 2002. We feel that the only way to properly consult with community members about these sessions, and to allow the community the chance to respond to the information provided at these sessions, is to hold a series of workshops in the community sometime before mid-February.

We can provide you with a budget for the costs of holding workshops in the community. We realize that in order to hold community workshops before the technical reports are disseminated on February 14th will require immediate attention. We suggest holding community workshops the week of February 3rd – 7th, this being the best time available to schedule meetings between now and mid-February.

Thanking you in advance for your consideration.

Sincerely,

Charlie Catholique – Chair

cc. Paula Robinson, Łutsël K'e SAO

**Lutsel K'e Dene 1st Nation Budget proposal needs
for technical sessions
to be presented by DeBeers Canada and the Mackenzie Valley
Lands & Water Board on the Snap Lake Diamond Project.**
