Re: May 13th Letter from Yellowknives Dene First Nation

In a May 13, 2003 letter, the Yellowknives Dene First Nation wrote to the Mackenzie Valley Environmental Impact Review Board regarding some concerns which they believe may not have been fully discussed during the public hearing for the Snap Lake Diamond Project (see attached).

Review Board staff intend to file this letter on the public registry, as the primary intent of the letter is only to provide clarification of issues raised at the public hearing. Please notify Review Board staff if any of the parties to the EA object to this filing. As the public registry closes on Friday May 23, 2003, it is requested that any objections be filed by this date.
