Ms. Johnson:

The De Beers Canada Mining Inc. Snap Lake Diamond Project is currently being assessed under the Mackenzie Valley Environmental Impact Review Board's environmental assessment process. We note that the Project area is contained within the mapped range of the Beverly caribou herd, according to mapping on the Beverly and Qamanirjuaq Caribou Management Board's website. We are informing you based on the Review Board's letter of March 10, 2003, addressed to Gunther Abrahamson, Secretary-Treasurer, Beverly and Qamanirjuaq Caribou Management Board.

If you have any questions, please feel free to call me (867) 766-7052.

Regards,
Glenda
