Subject: RE: Meeting Notes, Technical Reports etc.

Glenda

I will be forwarding a letter to you later today or tomorrow regarding the NSMA's many concerns about the dysfunctional nature of this Board's process, our concerns about the lack of consultation and the various breaches of procedural fairness that continue to occur in this process.

However, in order to be complete I would appreciate answers to the following questions today:

- 1.) Does the Board intend to provide a decision on the request by the NSMA for release of all staff reports? If yes, please give me an exact date that we can expect that decision.
- 2.) We were told that we would receive prompt clarification after the January 29/03 teleconference about exactly what the Pre-hearing conference parameters would be. Is the Board still planning to provide that clarification and if so, when?
- 3.) The NSMA has now made at least two recent requests that the Board revise its workplan. These requests were made on the 10th day of technical sessions and in the January 29th call. Has the Board made a decision on these requests? If not, do they plan to make a decision and if so when?

I look forward to your response later today.

yards,
