April 22, 2003

Attn: Glenda Fratton,

Re: NSMA presenter information & CVs

Dear Glenda,

Please find attached the CVs of the NSMA representatives attending and presenting at the De Beers Snap Lake Diamond Project Environmental Assessment Public Hearings. The NSMA will be sending Acting President Bob Turner and Land & Resource Coordinator Kris Johnson, to the Public Hearing to present our outstanding issues with the SLDP.

Please be advised the North Slave Metis Alliance does not have the required funding to fully participate at the De Beers Snap Lake Diamond Project Environmental Assessment Public Hearing scheduled April 28-May 2, 2003. As a result, the NSMA's legal counsel and expert witnesses required to give technical expertise will not be available during the Public Hearings. To ensure the NSMA's issues and concerns are adequately addressed we request any questions directed at the NSMA during the Public Hearing be submitted in writing to our office. Should funding become available the NSMA will provide responses as required.

Yours truly,

Kris Johnson
Land & Resource Coordinator
North Slave Métis Alliance

WEST COAST LANDSCAPING

A home business specializing in:

- Native vegetation
- Organic gardening
- Water conservation

The purpose of this business was to educate people about the importance of reducing chemical and water use in urban gardening, and to increase the use of indigenous vegetation for aesthetic and habitat purposes.

CRD SPEAKERS BUREAU

Solid Waste Management Advisor and Educator

The Speaker Bureau is an organized group of public speakers that present recycling and composting information to a wide array of community groups. The Speakers Bureau is also used as a liaison between the public and recycling coordinators to aid in solving solid waste management problems.
