Glenda,

This e-mail is in regards to the MVEIRB letter dated April 26, 2003 concerning the submission of the Elders Caribou Workshop report after May 23rd.

The NWTMN is concerned with allowing final submission after the deadline for submissions to the public registry. The primary reason for this stance is to allow parties to the EA an opportunity to review and comment on any submission received by the MVEIRB.

Should you have any questions please contact me.
