Subject: RE: fax

Glenda,

The past week has been a technological nightmare. The e-mail systems are subject to the March "sun transits" which tends to leave the service in a hit and miss type scenario.

Two things.....Fax, I trust you have been trying to fax the 872-2772 number. I have double checked the equipment on this side and it seems to be functioning within normal perimeters. Admin staff have commented that someone has been trying to fax the main voice number 872-2770.

E-mails, I responded to your request for conformation of the Feb 14/03 MVEIRB reply. Our ISP returned a "mail undeliverable" message. I chalked this up to the above noted sun transits. Nonetheless, I have copied the Friday message below.

Glenda,

Thanks for your e-mail.

At this time I would like to confirm receipt of the MVEIRB response letter dated Feb 14/03. The NWTMN would like to thank Mr. Christensen for his prompt response.

The NWTMN is planning to participate in both the pre-hearing conference and the public hearing. The NWTMN representative is likely to be me, as we are somewhat short staffed at the present time. Since the NWTMN is a late participant in the EA process we will rely on the other EA participants to represent the bulk of our environmental concerns.

The main issue of the NWTMN will be to have De Beers recognize our of directly affected party status. Attempts will be made in the coming weeks to open a dialogue directly with De Beers. Our primary desire will be to secure an IBA. The MVEIRB will be copied on all correspondence originating from this office.

Should attempts to open a meaningful dialogue with De Beers fail, the NWTMN will advise the MVEIRB of any presentations or questions that will likely arise at the public hearing.

If you have any questions please feel free to contact me.

Have a good weekend!

Please note I will be out of the office on duty travel from Monday Mar 3/03 16:00 hrs to Fri Mar 7/03 10:30 hrs. Should you need to contact me please leave a message at the NWTMN Yellowknife Branch Office @ 766-4395

Regards,

Jason E. Lepine

Subject: fax

Jason:

I tried several times to send a fax to your office; however we are getting error messages at this end. As I sent the faxed information out by email previously, can I trust that you received the information by email, and that I no longer need to keep trying to fax? The document that I was trying to fax to you is attached to this email.
