Hi Louie:

I wish to inform you that Natural Resources Canada (NRCan) prefers the "one-window approach to receiving and responding to requests. I will be the main departmental contact for De Beers EA.

NRCan has expertise in the following areas which may apply to the project:

- * explosives
- * geohazards (earthquakes, seismicity, landslides etc.)
- * geoscience (surficial and bedrock geology, geomorphology, groundwater etc.)
- * geotechnical
- * mine decommissioning
- * mine waste management including tailings and waste rock, groundwater quality, and acid mine drainage
- * permafrost

Regards,

John
