Subject: NSMA extension for a report on De Beers' conformity with the ToR

Dear Louis,

This morning, by phone, I explained to you that the North Slave Metis Alliance (NSMA) is unable to submit a report on De Beers' conformity with the ToR by 9 April 2002. As I explained, our pertinent staff person is occupied with the BHP water board hearings this week and is unable to turn his energies to the conformity report. As per our agreement reached this morning, the NSMA will submit its report on De Beers conformity with the ToR by 15 April 2002. Thank you. Michael Thoms
