Dear Ms. Hutchison:

Re: Request for documents – Public Registry for De Beers Snap Lake EA

Further to your e-mail today to Louie Azzolini, please find enclosed the requested documents from the De Beers public registry.

Please note that items 351 and 352, reports prepared by Golder Associates, will follow shortly. The Review Board lent their copies to another party and has requested additional copies in the interim.

If you require anything further, I'd be happy to assist.

Sincerely,

Dear Louie

I recall receiving a recent update to the public registry list but I cannot locate the email or print out. I would greatly appreciate it if you could resend the most recent update if, indeed, one has been sent in the past few weeks.

Regards

Janet Hutchison
