RE: Documents sent by E-Mail

F#: 9 C. 1

Attached is the top pages of the two e-mails you had sent to our office, they are both very lengthy and we would prefer if you can mail the documents rather than sending it through the internet.

Documents of this size should be mailed to our office, we don't have a full time Environmental Staff person to download the information and then print it. Only if the document is of important urgency you then can e-mail it.

Thank you for your cooperation.
