Subject: RE: De Beers Work Plan Amendments

Hi Louie,

Sorry, but we will not be able to participate in this afternoon's meeting. However, based upon our review of the proposed work plan amendment, Natural Resources Canada (NRCan) is prepared to do its best to meet the revised time lines / milestones. Having said this, NRCan can appreciate the concerns raised by our federal colleagues in Indian and Northern Affairs Canada and Environment Canada; in particular, delays in the review associated with the proponent's preparation of responses to information requests.

Good luck with Today's meeting. I will contact you tomorrow or Wednesday to get your perspective on how things turned out.

Regards,

John
