I received a phone call from Ms. Terry Demarco. She works with the NSMA's legal counsel. Terry indicated that the text portions of sections 9.6 Conclusions and 9.7 References of the EAR were not online and not on the CD. I told Terry I would follow-up and get back to her as soon as possible. I checked the CD and yup, the figures for the respective sections are there, but the text is not. Could I get the pdf text for the respective sections.

Thanks
LA
