**RE: PARAMOUNT RESOURCES LTD.**  
Cameron Hills Gathering System and Transborder Pipeline  
Proposed Right-of-Way Re-vegetation and Permafrost Monitoring Plan  
Proposed Post Construction Wildlife Monitoring Plan

In compliance with the Mackenzie Valley Environmental Impact Review Board (MVEIRB) environmental assessment measures # 4 and # 9, and the National Energy Board's (NEB) section 58, Order XO-P097-02-2002, conditions # 8 and # 13; Paramount Resources Ltd. herein provides for your perusal and comments the subject two (2) proposed monitoring plans. The plans take a proactive approach towards their management and implementation by recognizing the benefits of integrating scientific procedures with local knowledge and participation. Both plans make provisions for two (2) First Nations' assistants to participate in the annual monitoring of the subject gathering system and transborder pipeline right of way.

The re-vegetation monitoring will occur during the summer months and the wildlife monitoring will occur in early and late winter months (i.e., January and March).

Your comments on each plan and acknowledgment that you will be submitting names of candidates to be considered for participation are respectfully requested to be submitted to the undersigned no later than Friday, February 15, 2002 due to regulatory time constraints.

Sincerely,  
Paramount Resources Ltd.
