Dear Interested Parties:

Re: Paramount Cameron Hills Extensions – Developer’s Assessment Report and Identification of Environmental Assessment Roles

You should have received a copy of the Developer’s Assessment Report (DAR) for the Paramount Cameron Hills Extension EA. If you have not received a copy, please contact me as soon as possible. A digital version of the DAR can be downloaded from the MVEIRB website at <http://www.mveirb.nt.ca/Registry/EAParamountoil/EAParamountoil.html>. Please note that the MVEIRB has not yet concluded the conformity check on the DAR.

If you want to actively participate in this Environmental Assessment, you need to obtain status as a directly affected party or as an intervener from the Review Board. Please refer to section 5.1.4 of the Terms of Reference issued on August 8, 2003, or to the Review Board’s Rules of Procedures for an explanation of the roles of directly affected parties and interveners. The Rules of Procedure are available from our office or at www.mveirb.nt.ca/MVGuides/MVProcedureRules.pdf. If you would like to be considered as directly affected party or intervener, please fill out the attached form “Identification of Environmental Assessment Roles” and fax or e-mail it back to me on or before October 24, 2003. The developer (Paramount Resources) and the referring agency (Mackenzie Valley Land and Water Board) are automatically granted directly affected party status and do not need to reply.

Organizations or individuals who do not wish to formally participate in this Environmental Assessment but would like to receive further correspondence, should indicate so by requesting status as ‘member of the public’. If your organization does not reply, you will be removed from the distribution list.

If you have any questions regarding the process for obtaining status as directly affected party or intervener, or about the Environmental Assessment process in general, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Martin Haefele".

Martin Haefele
Environmental Assessment Officer
