Subject: Consolidated Goldwin project description

Mr. Stephenson,

Thank you for your responses to the Board's questions. They have been circulated, and a Workplan will be released shortly.

A few questions regarding the maps:

1. I received two JPG files of the map of the northern part of the Moose claim, and none of the ZZL claim area. If Consolidated Goldwin still plans to drill in the ZZL claim area, please send me a 1:50 000 scale topographical map showing the specific locations of the proposed drill holes, camp, and access routes.
2. No access routes for any of the sites are apparent on the maps. Please add them on as clearly as you can.
3. Drill targets in the JJ, Cleft and FC claim areas were clear from your maps. The Moose claim targets was not clear. Have targets for this area been defined yet? If yes, please indicate where they are located in the best detail you can.
4. Your application states that you have numerous targets in the Moose claim. How many drill targets are you anticipating in this area?

Looking forward to your prompt response,

Alan Ehrlich
