**Re: Giant Mine Remediation Project (EA0809-001) – Environmental Management System (EMS)
Update Meeting with Parties**

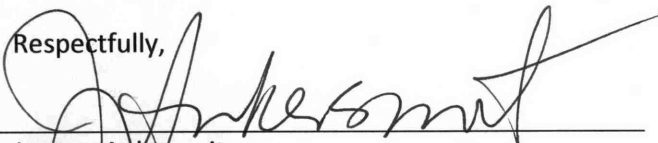

Dear Mr. Edjericon:

On behalf of the Giant Mine Remediation Project Team, we wish to submit this summary of a meeting held with the Interested Parties on 5 March 2012.

The purpose of this meeting was to provide an informal update on the current activities of the Giant Mine Remediation Project team on the Environmental Management System (EMS) and seek feedback from interested parties to inform both content and process for the further development of the EMS. A draft of Giant Mine Remediation Project's Environmental, Health, Safety and Community Policy was also presented (Appendix B of the enclosed meeting summary).

Please note that AANDC is considering all of the comments on the policy (included in Appendix B of the enclosed document) and will meet with the parties to discuss their comments.

Should you require any additional information or have any questions please contact the Giant Mine Remediation Project Office at 867.669.2846.

Respectfully,

Joanna Ankersmit
Director
Northern Contaminated Sites Program
Aboriginal Affairs and Northern Development
Canada
