Alan

While reviewing our year-end activities, we noticed that Alternatives North did not actually file a copy of the video "Into the Eternity" on the issue of perpetual care of nuclear waste in Finland. We indicated that we would file a copy of the DVD containing this film at the Giant Mine Perpetual Care Workshop held in Dettah in September 2011. I will drop by your office tomorrow with a DVD for the public registry. Thanks.

France Benoit
Alternatives North
