To Parties of the Giant Mine Remediation Project Environmental Assessment
EA 0809-002

Dear Parties,

Re: Comments on Developer's IR Response

On Feb. 7th, 2013 the Review Board issued an information request to the developer regarding the proposed diffuser and related alternatives. The developer has indicated that it plans to submit its response today, and that it would copy parties when doing so.

Parties will have one week after today to submit any response to the new information from the developer, to indicate if and how the new material affects parties' previous evidence and arguments. Parties are required to submit their comments by 8:00 am on Monday March 25th, 2013.

Please copy Environmental Assessment Officer Carol Luttmmer (cluttmer@reviewboard.ca) on your responses.

Sincerely,
