**Re: Response to Canadian Zinc Corporation's (CZN) Request to  
Comment on Party Submissions**

With respect to CZN's June 3, 2009 request, the Northwest Territories Chapter of the Canadian Parks and Wilderness Committee (CPAWS) and the larger CPAWS National Organization has no objection to CZN being given the opportunity to respond to other parties' submissions on the draft ToR and Workplan, if the Review Board should decide that appropriate. However, CPAWS would request that if CZN be given such an opportunity, then in the interests of fairness, so too should all other parties should be given the same opportunity.

Sincerely,

Jennifer Morin
