RE: Response to proposed Prairie Creek Mine water quality objectives committee

In response to the Review Board's request to hear from parties on how the proposed water quality objectives committee or initiative would function, Environment Canada (EC) has no requirements regarding the process itself, however if the Review Board supports this process EC would like to be involved. Please do not hesitate to contact me at (867) 669-4746 or by e-mail at jane.fitzgerald@ec.gc.ca with any questions or comments.

Yours truly,
