Canadian Zinc Corporation – Prairie Creek Mine Distribution List

RE: New Lead Environmental Assessment Officer for Canadian Zinc Corporation, Prairie Creek Mine (EA0809-002)

Please be advised that I will be the new lead Environmental Assessment Officer with the Mackenzie Valley Environmental Impact Review Board for Canadian Zinc Corporation's proposed Prairie Creek Mine. I plan to spend my time quickly catching up on the wealth of existing project information to ensure a smooth transition with the file.

Outgoing Environmental Assessment Officer Alistair MacDonald has worked diligently on this file over the past year but has chosen to pursue other interests. We wish him all the best.

I look forward to working together with you all as we prepare for the next stage in the environmental assessment of the Prairie Creek Mine project.

Further information regarding this environmental assessment may be obtained at the Review Board's online public registry (www.reviewboard.ca/registry) – the file is *EA0809-002 – Canadian Zinc Corp. Prairie Creek Mine*. You can also contact me at chubert@reviewboard.ca or by telephone at (867) 766-7052.

Sincerely,

Chuck Hubert
Environmental Assessment Officer
