EA0809-003

To Distribution List

RE: EA0809-003

The Review Board is seeking party status from the distribution list in this environmental assessment. Tyhee Gold Project, the developer is automatically a party to these proceedings, but other organizations and individuals will need to make an application for official party status to the Review Board. This is in anticipation of the final hearing for this EA process at a future date.

The request for party status form is attached. AN electronic version is also available on the Review Board website under Reference Library, Practitioners tool box, forms and templates.

When applying for party status, please identify your organization, a contact person and a statement outlining why you are seeking party status. All members of the public may participate in the Review Board proceedings at any time; however it is necessary for participation in the public hearing that an organization has formal party status.

If you have any concerns or questions, please do not hesitate to contact the Review Board.
