

Hi Corey,

Thank you for your request for information. There are no known archaeological sites within 150m of your area of interest (Maximoose Area). However, please keep in mind that only a small fraction of the archaeological sites in the NWT have been located and recorded. If there are none recorded in your area of interest this likely means that the area remains unexplored for archaeological resources and that sensitive, unrecorded archaeological sites may exist.

Please let me know if you have any questions.

Thank you,

Amy Barker

GIS Officer
