Moose Property, TNR Gold Corp. Ltd.

**Re: Schedule for TNR Gold –Moose Property Community Information Sessions**

**Introduction**

The Mackenzie Valley Environmental Impact Review Board (Review Board) is conducting an environmental assessment of TNR Gold Corp. Ltd. Moose Property Exploration Project.

The project includes the activities and physical works related to Land Use Permit application MV2010C0015. The Mackenzie Valley Land and Water Board referred this proposed development to environmental assessment "because of significant public concern that the project might impact traditional land use activities, archaeological and heritage resources, as well as environmental resources in the context of harvesting and cumulative impacts".

**Community Information Sessions**

Review Board staff will host a one day information session in Lutsel'ke, Fort Resolution and N'Dilo (see below). At these sessions the developer will give a presentation that describes their proposed development and answer any questions that the participants may have. This will also be an opportunity to get prepared for the upcoming hearing for the TNR Gold - Moose Property EA scheduled for late October 2010.

**Lutsel'ke  
Fort Resolution  
N'dilo**

**Monday September 27<sup>th</sup>  
Tuesday September 28<sup>th</sup>  
Friday September 30<sup>th</sup>**

Please note that in preparation for the October hearing, all parties are expected to have the answers to questions asked and unanswered at the information sessions.

If you have any questions regarding this environmental assessment please do not hesitate to contact me.

Regards,

Nicole Spencer  
Environmental Assessment Officer
