Dear Chief Tsetta

Re: Request for Ruling - EA 1112-001 Debogorski Diamond Exploration, Drybones Bay

The Mackenzie Valley Environmental Impact Review Board met on June 16, 2011 to consider the Yellowknives Dene First Nation's May 27, 2011 Request for Ruling. The Board has denied the request to make a summary decision to reject the proposal without an environmental review. Written reasons for the decision will be made available shortly.

Sincerely,

Vern
