EA1314-01

Jay Project
Dominion Diamond Ekati Corporation

Jay hearing presentation times

Public hearings for the proposed Jay Project will be held in Yellowknife on September 14-16, 2015. Review Board staff sought input from parties at the pre-hearing conference and via written communication regarding the amount of time each party requested for presentations during the hearings. Based on this feedback, and in consideration of time restraints associated with the large number of parties to this Environmental Assessment, the following schedule has been created.

Day 1: Socio-economics, Climate, Air quality and other issues

Parties	Time for presentations (minutes)
Dominion Diamond	45
Independent Environmental Monitoring Agency	20
Government of the Northwest Territories	30
Lutsel K'e Dene First Nation	20
Tlicho Government	20
North Slave Metis Alliance	15
Deninu Kue First Nation	10

Day 2: Caribou and other wildlife

Presentations	Time for presentations (minutes)
Dominion Diamond	30
Independent Environmental Monitoring Agency	30
Government of the Northwest Territories	20
Yellowknives Dene First Nation	25*
Lutsel K'e Dene First Nation	15
Tlicho Government	20
Environment Canada	15
North Slave Metis Alliance	10
Deninu Kue First Nation	20
Diavik Diamond Mines Inc.	5

* 25 minutes total time for both Traditional Knowledge and Caribou presentations combined

Day 3: Aquatics

Presentations	Time for presentations (minutes)
Dominion Diamond	30
Independent Environmental Monitoring Agency	30
Government of the Northwest Territories	20
Yellowknives Dene First Nation	10
Lutsel K'e Dene First Nation	15
Tlicho Government	5
Environment Canada	10
Fisheries and Oceans Canada	15
Deninu Kue First Nation	20
Diavik Diamond Mines Inc.	5
Transport Canada	10

While no firm times for questioning have been established, the Chair will take into consideration feedback received from parties regarding their time requirements and will adjust the schedule to accommodate these requests as much as practicable. Please keep in mind that questioning of both the developer and other parties should as focused and relevant as possible due to the large number of parties to this Environmental Assessment.
