Re: Jay Information Request Extension

Dear Mr. Ehrlich,

The Tłıchǫ Government are aware that the deadline for information requests is February 16th, 2015. We are asking if the Review Board can extend this deadline to February 23rd, 2015.

Tłıchǫ Government has allocated what time that was available to reviewing the DAR, but we have been extremely busy with other projects. Our staff only has so much time available to review matters.

We want to thoroughly review this submission and prepare information requests that advance the level of discussion. We will meet whatever deadline is required, but just a few additional days would be welcome.

If there are any questions, please don't hesitate to contact the Lands Protection Office at (867) 392-6381 [Ext: 1351].

Sincerely,

Sjoerd van der Wielen
Lands Protection Manager
