Dear Mr. Ehrlich:

Re: Jay Information Request Extension

The Yellowknives Dene First Nation (YKDFN) are aware that the deadline for information requests is February 16th, 2015. We are asking if the Review Board can extend this deadline to February 23rd, 2015.

YKDFN has allocated what time that was available to reviewing the DAR, but we have been extremely busy with the regulatory phase of the Snap Lake EA (the intervention is due Friday) among other projects (five business days allocated to Giant as a start). The single staff person only has so much available time to review matters. Additionally, we would like to attend the practitioner's workshop that you have scheduled for next week.

We want to thoroughly review this submission and prepare information requests that advance the level of discussion. We will meet whatever deadline is required, but a just few additional days would be welcome.

If there are any questions, please don't hesitate to contact the YKDFN Lands and Environment Department at (867) 766-3496.

Sincerely,

Todd Slack
Lands and Environment
