Re: EA1314-01 – Jay Project, teleconference between Dominion and Review Board staff

Review Board staff held a teleconference with Dominion staff on April 29 to discuss document submissions and process steps following the technical session.

Dominion proposes to submit updated Ekati Mine management plans with conceptual incorporation of the Jay Project to the Review Board by June 1st. The proposed caribou and traffic workshop proposed by Dominion to review draft Roads and Wildlife Mitigation Plan is proposed prior to June 1.

Board staff discussed next steps in the Jay Project with Dominion. The Review Board will publish an updated Work Plan with dates and milestones by May 8 so that parties and Dominion can plan for the upcoming months.

The Review Board staff contact for the Jay Project is:
