Mode of Travel: Vehicle  
Reason: Meet with Treaty 11 Representatives  
Public Notification: No notification provided  
Meetings: No meetings attended  
Cost: Approximately \$100

Louie Azzolini and Roland Samjanovs attended a meeting on October ,13 1999 at the Rae-Edzo Treaty 11 office. The purpose of the meeting was to introduce ourselves, discuss the purpose and function of the Review Board and to determine the most appropriate way of providing and delivery community information sessions on the Mackenzie valley Environmental Impact Review Board. The meeting started at about 2:20 and finished at about 4:00.

There was a brief discussion about the BHP environmental assessment. Louie Provided Treaty 11 a copy of the Review Boards environmental assessment work plan and the note of direction to BHP regarding the preparation of an augmented development description.

There was agreement that providing information to communities likely to be involved in any environmental assessment processes was desirable and that we should co-ordinate our information sessions with the individual chiefs in each community and that representatives from Treaty 11 would accompany Review Board staff to the community information sessions. We noted the Review Board had limited funding and could not pay for Treaty 11 representatives attending the information sessions. Mr. Nevitt acknowledged the circumstances and in addition, provided a copy of the Dogrib Agreement in Principle (AIP) and directed our attention to Chapter 22 on Land and Water Regulation.
