Dear Mr. Shiga:

**EA1617-01 Tł̨chq̨ All-season Road: Responses to North Slave Metis Alliance's July 14<sup>th</sup>, 2017 Information Requests**

---

Please find enclosed the Government of Northwest Territories' (GNWT) initial response to the North Slave Métis Alliance's (NSMA's) July 14<sup>th</sup>, 2017, Information Requests. An effort has been made to respond to as many questions as possible prior to the Review Board's Technical Session on August 15-17, 2017; however, as NSMA has already recognized, additional response time is required.

The GNWT will make an effort to respond to NSMA's outstanding questions during the Technical Session if the NSMA brings them forward at that time. Please recognize that there will be outstanding questions that can only be answered after the Technical Sessions as a result of there being a limited amount of time for the GNWT to respond to late Information Requests. The GNWT looks forward to the continuing productive discussion between the GNWT and the NSMA to address issues raised regarding the TASR project after the Technical Session.

Sincerely,

Michael Conway  
Regional Superintendent  
North Slave Region  
Department of Infrastructure
