Dear Janpeter Lenni-Misgeld

Paramount Resources Water License Application MV2000L1-0009

Please see the attached Dene Nation Motion #96/97-005(1) August 12-19, 1996, re: Ka'a'gee Tu First Nation Cameron Hills, which is self explanatory in the request for an extension.

LKFN hereby supports Ka'a'gee Tu First Nation's request, as they are the keepers of the land. They have the final approval in the future economic and land use activities on their traditional land including Cameron Hills.

Your urgent attention on this matter will be greatly appreciated.

Yours in Dene Unity and Protection

Chief Rita Cli
