Re: Land Use Permit N1998A0942  
Extension and Amendment Request  
Cameron Hills Area

Application # N1998A0942  
Copied To KL/PLM/Reg

Paramount Resources Ltd. was issued the subject Land Use Permit for a two-year period. We are requesting a one- year extension on this land use permit. In addition, we are requesting that this Land Use Permit be amended to include the existing winter access to our existing wellsites at A-73, C-50, N-28, B-08, J-37, C-19 and A-05

This Land Use Permit presently includes access to I-74, M-73, C-75, B-25, L-47 and a base camp. Wellsites are not included as they are already covered under Leases issued by Indian and Northern Affairs Canada.

It is Paramount's understanding that a Water Licence is not required to create an ice crossing across any width of creek and/or river and that the term "structure" in the NWT Water Act Schedule IV, Sections 5 and 8, Column II, refers to the installation of a bridge, pipeline and road only.

Please do not hesitate to contact Shirley Maaskant at (403) 290-3618 if you require additional information to process these applications. Thank you for your continued assistance.

Yours truly,

PARAMOUNT RESOURCES LTD.

Shirley Maaskant
