ATTENTION: Janpeter Lennie-Misgeld

Dear Mr. Lennie-Misgeld:

**Re: LUP N1998A0942- Paramount Resources Ltd. (Extension & Amendment)
 Cameron Hills, NWT**

On behalf of DIAND, the extension and amendment request for Paramount Resources has been reviewed. Please note from the attached, that our inspector in Hay River has no concerns and recommends that the permit be extended for a further year, as well as amended, as requested by Paramount.

Also attached are comments from Water Resources and Land Administration, which indicate that there are no concerns.

Should you have any questions or concerns please contact Charlene Coe at 669-2762.

Yours truly,

Edward R. Hornby

Brian Collins (Water Resources)

From: Charlene Coe

Date: November 21, 2000

Subject: LUP N1998A0942 - Extension and Amendment (Cameron Hills Area)
Map Sheet (85 C/4 & 5)

Attached is a request from Paramount Resources Ltd for a one year extension, as well as an amendment for winter access to existing wellsites A-73, C-50, N-28, B-08, J-37, C-19 and A-05. Please review the amendment request and forward your comments to myself by 12:00 noon on Tuesday, November 28th, so that I can compile and forward all comments to the MVLWB by the November 29th.

If you have any questions, please give me a call at 669-2762.

Thanks

Char.

REGARDING:

Land Use Permit N1998A0942 Paramount Resources application for a 1 year extension and an amendment.

I have reviewed the application and have no concerns, environmentally or otherwise, concerning a 1 year extension. The last inspection report on this permit indicated that the land use operation was satisfactory to date. I recommend that a one year extension be granted as requested.

Concerning the amendment request to include access to existing wellsites A-73, C-50, N-28, B-08, J-37 and A-05. I am very familiar with all of the existing access requested. There are no concerns that are not already addressed in the existing permit conditions therefore I recommend that the permit be amended as requested.

Memo

GT-0001

To: Charlene Coc
From: Meighan Wilson
Date: November 28, 2000
Subject: Amendment Application #N1998A0942 - Paramount Resources Ltd. - Cameron Hills Area

Charlene,

The Regulatory Approvals Section, Water Resources Division, has reviewed the above mentioned application. Paramounts interpretation of the legislation is correct providing that the water used for the construction of the ice bridge(s) is removed directly from that watercourse being crossed. Please use standard permit clauses to address all other general/environmental concerns.

If you have any questions, please feel free to call at 669-2698.

Sincerely,

Meighan Wilson
Pollution Control Specialist
