MVEIRB File: EA02-002

September 11, 2002

Mr. Robert Moore
Vice-President,
Northern Rivers Surveys Ltd.
c/o Lornel Consultants
400 – 6th Street SW
Calgary, AB T2P 1X2
Fax: (403) 265-3874

Dear Mr. Moore:

Re: Northern Rivers Surveys' (NRS) Request for Intervener Status

In regards to your request for Intervener Status in the WesternGeco environmental assessment (Review Board File #EA02-002), please refer to sections 7 and 8 of the Review Board's *Rules of Procedure for Environmental Assessments and Environmental Impact Review Proceedings* for an outline of the procedure for obtaining status. I have attached a copy of the *Rules of Procedure* and they are also available on the Review Board's website at www.mveirb.nt.ca.

I have also attached the Identification of Environmental Assessment Roles form for you to complete and return to the Review Board. An electronic copy of this form is also available if you would prefer to use it.

The WesternGeco EA is currently on hold while the company completes its test program. When the Review Board commences work on this EA, your request for Intervener Status will be considered. You will be informed of the Review Board's decision shortly afterwards. In the meantime, NRS' representatives, Lornel Consultants, have been added to the distribution list for the WesternGeco EA and will receive future documents as they become available. In the event that the review Board declines NRS' request for Intervener status, Lornel will still remain on the distribution list.
