To Distribution List

Dear Interested Parties:

Re Northrock Summit Creek – Developer’s Assessment Report and Identification of Environmental Assessment Roles

The Developer’s Assessment Report (DAR) for the Environmental Assessment of Northrock Resources’ Summit Creek B-44 Well is now available. According to your previously stated communication preference the DAR is attached as PDF file to the e-mail, or as hardcopy to the fax. Because the maps that are part of the report cannot be faxed or may not be printable from the PDF file, you will receive the entire DAR with maps in the mail shortly.

Please note that the MVEIRB has not yet concluded the conformity check on the DAR and you may receive additional information. Directly Affected Parties and Interveners will have opportunity to request additional information on items in the DAR through information requests. To be granted directly affected party or intervener status please fill out the attached form “Identification of Environmental Assessment Roles” and fax or e-mail it back to me. The developer (Northrock Resources) and the referring agency (Sahtu Land and Water Board) are automatically granted directly affected party status and do not need to reply.

Organizations or individuals who do not wish to participate in this Environmental Assessment but would like to receive further correspondence should indicate so. If we do not receive a reply from your organization, we will remove you from the distribution list.

Sincerely

Martin Haefele

Environmental Assessment Officer

An important distinction between a Member of the Public and the other two classifications is that a Member of the Public cannot issue or receive information requests or be cross-examined on evidence provided to the Review Board.

Comments:

Martin:
I seem to recall sending an application like this to you, I'm not sure so I've taken the liberty of filling another one out. Also I wasn't sure how to fill in "Section 1 & 2".
Also when these forms were first faxed and we weren't receiving all the pages. I hope you can overlook the couple days

Overdue.
Thanks.
